RESILIENT 10-GAUGE STEEL FLOOR

The robust 10-gauge steel floor is built to withstand tough conditions, ensuring durability and long-lasting performance for your trailer over time.

STRENGTH & VERSATILITY

The 12SR has a 2" square tubing top rail for added strength, to complement the stakepockets for added cargo control and ability to support after-market side extensions.

MULTI-FUNCTION REAR COMBO GATE

The Rear Combo Gate, featuring both barn doors and a spreader gate, simplifies loading, unloading, and spreading, providing exceptional flexibility for various applications.

EFFORTLESS MAINTENANCE

Our forward self-adjusting brakes make brake maintenance a breeze. The system automatically adjusts the brake shoes as they wear down, eliminating the need for manual adjustments.
